ANSWER SHEET

Mass learning

With the expansion of our library come endless possibilities, which is why I would like to suggest my own idea of what can be done with the newly acquired space.

The idea at hand

I propose organising study session for students to attend after school hours. At an arranged time those who ~~would be~~ are interested in participating would come to the library and study together, grouped by the subject they are working on.

Endless upsides

My idea would benefit students who lack motivation or have a hard time focusing on the task at hand. Study sessions would improve their grades, as these students would be able to ask questions without having to wait for the next lesson to ask the teacher. As for the positive impact on the school, my idea would ~~improve the~~ ~~increase~~ improve student's grades and test results, thus ~~benefitting~~ ~~improving~~ benefiting the school's reputation.

The idea's realization

In order for this proposal to come to life the school would need to provide a handful of tables for four, so that the students can sit in small groups. The school newspaper would have to contribute by ~~advertising the study sessions.~~ bringing awareness to the study sessions.

In conclusion, I think that my idea would benefit the school in many ways at a fairly low cost, and thus is worth to be considered.
