ANSWER SHEET

9-33-1

The Proposal to: Planning Committee.

From: Highschool student

Topic: Objective opinion on the future changes in the school library.

The need of advanced technology.

Dear committee,

I am currently writing³⁰ this proposal to give my own ideas about making our³⁰ library more practical for all student.

There is no doubt³⁰, that the technical progress is all over the place. So, my⁶⁰ only guess is spending more money on laptops, personal⁷⁰ computers, smart screens, etc. will be a modern, thoughtful idea⁸⁰.

Moreover, the library could also provide students with tech⁹⁰ courses⁹⁰, such as 3D modeling or IT scripts. To arrange this project¹⁰⁰ I suggest you to make a contact with some new¹¹⁰ IT organisations, that are specialize on making young minds¹²⁰ more aware of future technology.

They might provide the library with¹³⁰ needed equipment or even invite some popular experts.

Additionally, these¹⁴⁰ experts and teachers can give talks in front of whole¹⁵⁰ classes,

it will bring more and more people to come there.

For my view, it¹⁷⁰ is a great benefit¹⁷⁰ for the school and the students. I see our new¹⁸⁰ library as a big, comfortable area with computers, big and¹⁹⁰ soft furniture, large windows, teachers, giving interesting lectures for

every body to enjoy. In conclusion, I really look forward seeing²¹⁰ the new²²⁰ library.

I hope that members of the committee will consider suggestions, mentioned in this proposal.

With worship, Sophia²²²

The Proposal to: Planning Committee.^{SP}
From: Highschool student
Topic: Objective opinion on the future changes in the school library.

The need of advanced technology. ^{Punct.}

Dear committee,

I am currently writing this proposal to give my own ideas about making our library more practical for all students.

There is no doubt, that the technical progress is all over the place. So, my only guess is spending more money on laptops, personal computers, smart screens, etc. will be a modern, thoughtful idea.

Moreover, the library could also provide students with tech ^{lessons} courses, such as 3D modeling or IT scripts. To arrange this project I suggest you to make a contact with some new IT

organisations, that are specialize on making young minds more aware of future technology.

They might provide the library with needed equipment or even invite some popular experts.

Additionally, these experts and teachers can give talks in front of whole classes,

it will bring more and more people to come there.

For my view, it's a great benefit for the school and the students. I see our new library as a big, comfortable area with computers, big and soft furniture, large

windows, teachers, giving interesting lectures for every body to enjoy. In conclusion, I really look forward seeing the new ^{it?}

I hope that members of the committee will consider suggestions, mentioned in this proposal.
